STEPS – GETTING STARTED
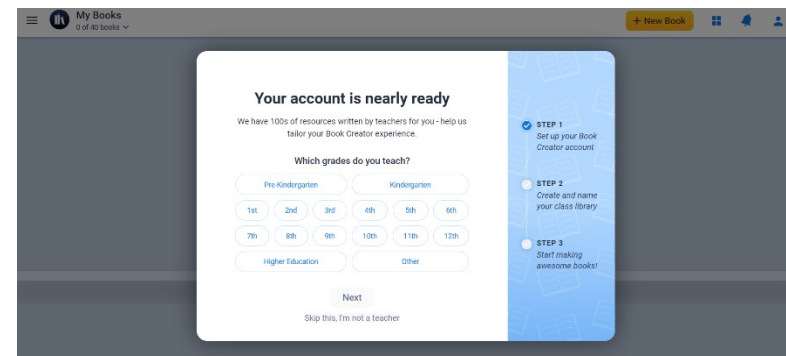

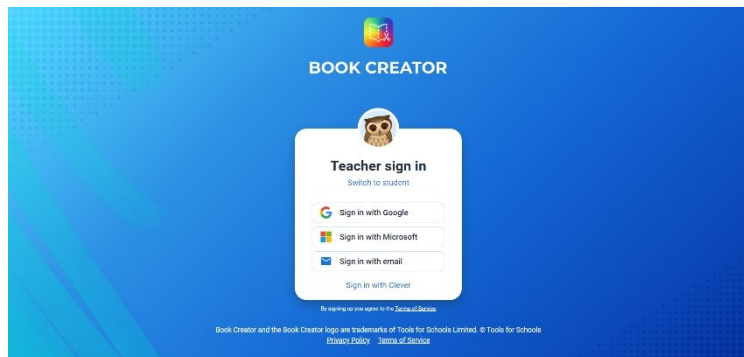

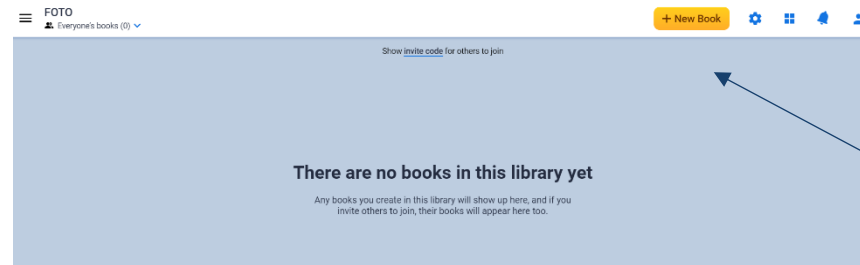

1. Go to the website: Bookcreator
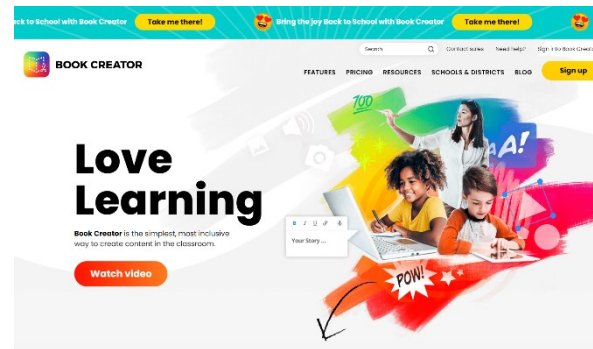

2. Sign in – remember to do it as a teacher, you can use your Gmail account, you will also have to choose which grades do you teach, which subject and name your library.

### PREPARE THE ACTIVITY
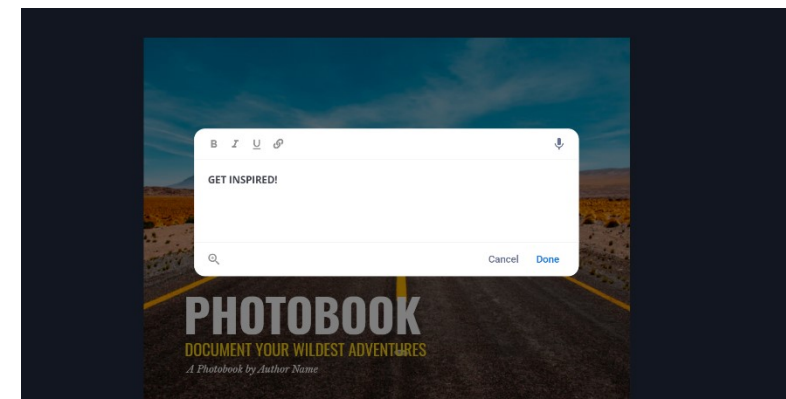

1. Click New book.

2. Start with template – photobook

3. Edit elements – title, author etc. page by page (you just have to click selected element) and put all the info you want to present your students during the lesson – so information about inspiration, plagiarism and copyright. Click the element you want to change, delete it and replace by your own picture or text.

4. Use "+" button to add different elements to each page. Use "i" button to change the page – color, texture etc. When you need next page use "+" at the right, click and choose next page.
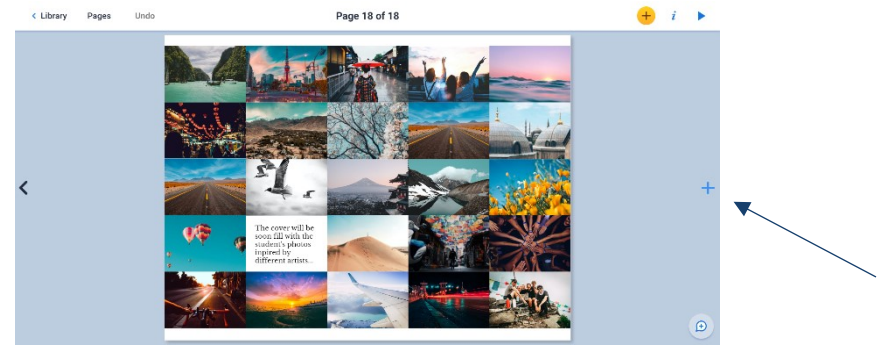

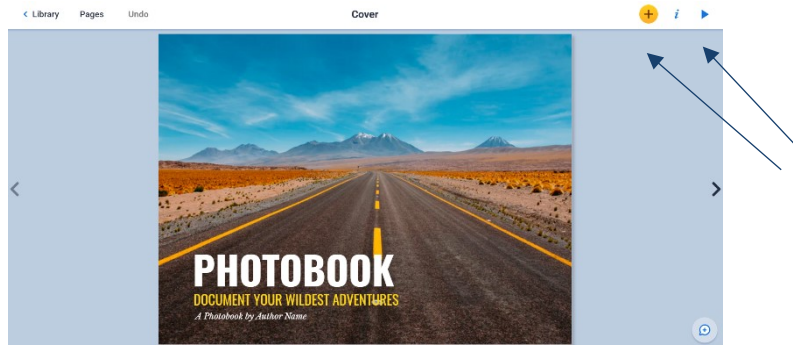

5. When you want to see your book – just "reed it" -click button at the top right – triangle.
