Create New Deck

5. Saisissez la question et la réponse pour la flashcard.

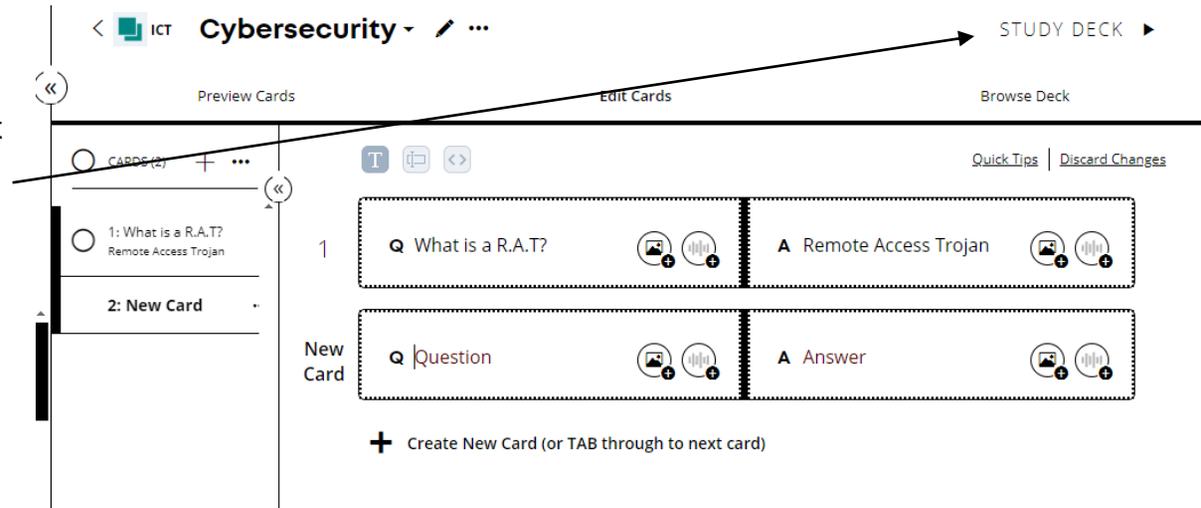

The screenshot shows the 'Edit Cards' interface. At the top, there are three tabs: 'Preview Cards', 'Edit Cards', and 'Browse Deck'. Below the tabs, there are statistics: 'Days Streak' (1), 'Created Decks' (1), and 'Cards Studied' (0). On the left, there is a sidebar with 'My Classes (4)' and three class icons: 'ICT', 'Knowledge Rehab', and 'Street Smarts'. The main area shows a 'New Card' being created with the question 'What is a R.A.T?' and the answer 'Remote Access Trojan'. There is a '+ Create New Card (or TAB through to next card)' button below the card.

6. Répétez le même processus jusqu'à ce que vous ayez le nombre désiré de flashcards.

The screenshot shows the 'Edit Cards' interface after two cards have been added. The statistics now show 'Cards Studied' as 0. The main area shows two cards: 'What is a R.A.T?' with answer 'Remote Access Trojan' and 'Question' with answer 'Answer'. There is a '+ Create New Card (or TAB through to next card)' button below the cards. The interface also shows 'Added 1' and 'NEW' indicators.

7. Lorsque vous avez fini de créer des flashcards, cliquez sur l'onglet "STUDY DECK" (Jeu d'étude) dans le coin droit.

Deck: Cybersecurity Card: 1/1

The screenshot displays a digital learning application interface. On the left, a vertical sidebar contains navigation icons: a profile icon (P), a gear for settings, a deck icon, a graduation cap, a magnifying glass, and a plus sign. The main content area is titled 'ICT' and shows 'Study Cards from the Decks selected below' with '0 of 1 unique cards studied'. A circular progress indicator shows '0.0% MASTERY'. Below this, there are tabs for 'About', 'Decks (1)', and 'Learners (1)'. Under the 'Decks (1)' tab, there are two deck entries: 'All' (checked) with 'Progressive' and 'Random' study modes, and 'Cybersecurity' (checked) with '0 of 1 unique cards studied'. A 'Create New Deck' button is at the bottom. On the right, a question card is shown: 'What is a R.A.T?' with the answer 'Remote Access Trojan'. Below the answer, a rating scale asks 'How well did you know this?' with options 1 to 5, ranging from 'Not at all' to 'Perfectly'.
