- Click on “Create a question”, then on “Insert text”, write the question and the 4 answers. The Online Editor makes it easy to create questions in seconds.

- Select the correct answer for your question (A, B, C, D) and tag with the correct subjects; each question must be added to the quiz.

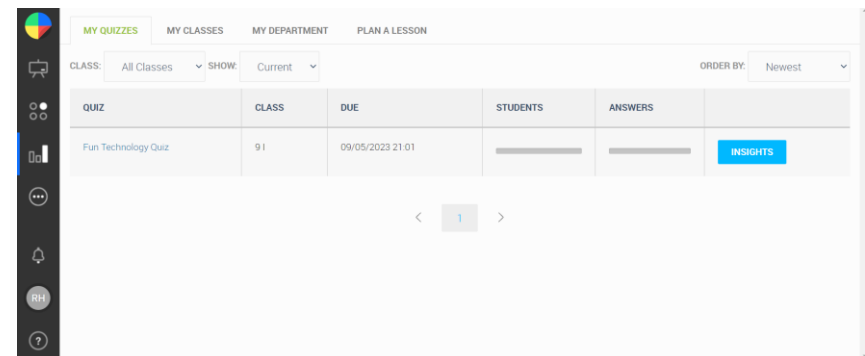

5. After all the questions are ready, click the button “CREATE QUIZ”, and assign it to the class.

SAVE AND PUBLISH

1. Assign the quiz to your students with one right answer and three wrong answers which reveal a specific misconception. You can assign quizzes only to your classes.

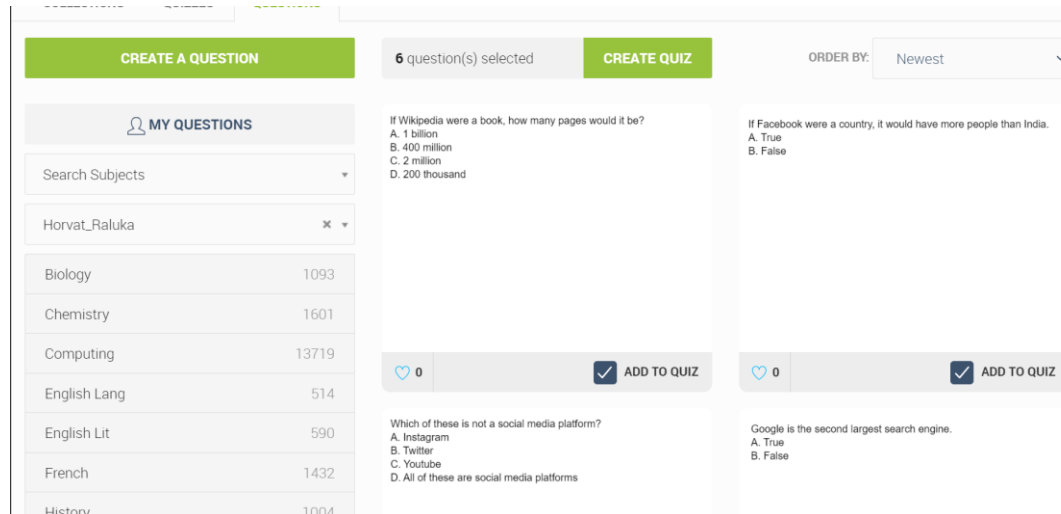

2. You have available all students' results that are automatically recorded.
